

THRONE OIL 2T

2-Stroke Engine Oils

Description:

It is a two-stroke engine oil, resulting in a blend of mineral based quality base oils and premium performance additives.

Usage Areas:

It is used safely in all 2-stroke motorcycles, agriculture units and all air-cooled engines working with gasoline.

Benefits and Advantages Provided:

- With its excellent lubricity, it provides a good lubricating of the crankshaft and piston rod.
- It provides superior protection against abrasions with the help of its superior additive, which extends the engine life.
- While it keeps the engine clean, it prolongs the life of the valve and spark plug, by reducing the risk of ring and piston jamming.
- It extends the life of parts by providing excellent protection against rust and corrosion.
- It improves the combustion quality by providing efficient operation of the ignition system.
- It has the ability to mix easily with gasoline.

lubricants  greases

Performance: It compensates the performance specifications API TC, ISO-L-EGC ve JASO FC.

Typical Properties:

| Physical Property | Method | 2T |
|-----------------------------------|-------------|-------|
| Density, g/cm ³ , 15°C | ASTM D 4052 | 0,880 |
| Kin. Viscosity, cSt, 40°C | ASTM D 445 | 48,4 |
| Kin. Viscosity, cSt, 100°C | ASTM D 445 | 7,3 |
| Viscosity Index | ASTM D 2270 | 111 |
| Pour Point, °C | ASTM D 97 | - 24 |
| Flash Point, °C | ASTM D 92 | 228 |

* The values given in the table are typical and they may vary from production to production.
